## Electric Delivery Certificate from DPD

Measuring, reducing and communicating our carbon impact  
to support your decarbonisation journey

### Statement Details

In 2023 we delivered

**1,036**

parcels to your customers on all-electric vehicles  
which is 11.5% of your total parcels

Saving

**286kg**

of CO<sub>2</sub>

DPD continues to invest in its all-electric delivery fleet  
which is now over 32% of our final mile delivery fleet

As a part of Geopost we have a fully validated SBTi  
net zero target for a 90% reduction by 2040 set  
against a base year of 2020
